

Support Quality Public Higher Education Stop the Corporate Takeover of the CSU

For 12 years, California State University Chancellor Charles Reed has attempted to turn the People's University into a for-profit corporation with highly paid executives. We don't want to become a degree mill that rips off working people and saddles them with enormous student debt.

Enough is enough.

On November 8 & 9

Members and supporters of the California Faculty Association will hold informational pickets on all 23 CSU campuses to demonstrate our outrage at the chancellor's lavish giveaways to CSU executives, massive fee hikes, privatization of the university, and take-back bargaining proposals.

On November 17

University professors, librarians, coaches, and health counselors from CSU campuses will converge 6 am to 5 pm at:

CSU East Bay in Hayward
and
CSU Dominguez Hills in Carson

to take concerted action over unpaid wages in the previous contract.

Join us on Nov. 8 or 9 at your local CSU campus *and* please join CFA in our concerted action on Nov. 17 at either CSU Dominguez Hills or CSU East Bay.
