<u>Note</u>: Please provide English translation of written explanations if written in a language other than English.

Standards Definition:

Collage is an artistic composition made of various materials (ex. Paper, cloth, or wood) glued on a surface.

Mixed media is a work of art for which more than one type of art material is used to create the finished piece.

Two-dimensional art consists of paintings, drawings, prints, and photographs, which differ from each other primarily in the technique of their execution.

Information

Entry will be judged utilizing the appropriate subject matter rubrics based on the California State Department of Education and/or the California Arts Education Association. Higher Education level will be judged by Statewide Academic Senate Standards.
