

Take a stand for schools and public safety.  
By passing Prop. 30, we can:

**Prevent Deeper School Cuts.** Our schools and colleges face \$6 billion in additional devastating budget cuts this year. Prop. 30 stops those cuts and provides billions in new funding for our schools starting this year. That's money our schools need for smaller class sizes, up-to-date textbooks and rehiring teachers and other educators.

**Keep cops on the street.** Prop. 30 establishes a guarantee for public safety funding in our state's constitution that can't be touched without voter approval.

**Help balance the budget and Protects Taxpayers.** Prop. 30 balances our budget and helps pay down California's debt by asking the richest Californians to pay their fair share of taxes to help fund public education and other services. All taxes are temporary. And all money goes into a special account that the Legislature can't touch with annual audits and strict accountability.
