The Beginning of Your Professional Journey...

For nearly 160 years CTA members have advocated for educators and students to ensure every person has access to a free quality public education in California. Our successes include:

- 1867: Access to public schools for all students
- 1913: Retirement with dignity
- 1915: Ending child labor in California
- 1927: Preventing pregnancy firings
YOUR MEMBERSHIP IS

Is your opportunity to help build a more just and equitable society...

As a member you begin your own journey and place your personal stamp on our history of advocacy:

1944

**Equity** for Japanese-Americans interned during WWII

1988

**Protecting** public school funding through Prop. 98 funding guarantees

1993

**Defeating** Prop. 174- vouchers would allow public funding of private schools

2005

**Battling** Governor Schwarzenegger's Prop. 74 attack on educator employment rights
Your Journey…

...will become your legacy. What part will you play in our progress toward greater equity, access, and farness for all California’s students?

2011 Supporting the DREAM Act to ensure undocumented students can pursue education in the U.S.

2017 Supporting the nationwide #Red4Ed Movement and the fight for fundamental services for our public schools
2020–22

Our members stood with students and parents during the pandemic. As COVID 19 spread to the U.S. leaders in local chapters fought to ensure teachers and students would remain in online learning until it was safe to return to schools. CTA’s willingness to defend this safety measure has saved countless lives.
Local leaders and staff provide support around bargaining, member engagement, and social justice organizing issues. Our Sacramento and Washington D.C. teams monitor legislation that keeps educators informed about policies as it provides resources to influence public policy.

Education and Social Justice Issues
CTA stands with its movement partners against racism and bigotry

We believe Black Lives Matter, and will continue to support the Asian Pacific Islander community who are currently facing increased discrimination and attack.
Strengthening Our Collective Power

We believe that highly-skilled professionals should receive a professional wage. Our staff has the resources to help local negotiators achieve a fair wage and healthcare benefits for all members.
Professional Growth Opportunities

Improve your professional skills at the Good Teaching Conference, New Educator Weekend, or other conferences and trainings.

CTA’s Instruction and Professional Development group gives virtual trainings in the areas of standards, assessment, curriculum and instruction, Special Education, social emotional learning, English learners, teacher accountability, and teacher evaluation.
CTA Access to Savings

CTA Access to Savings is an exclusive benefit for CTA members! Featuring the nation’s largest private discount network. Find savings up to 50% on travel, entertainment, along with everyday things like food, clothing, car care, even home and garden supplies. In fact, use the program regularly and you’ll save enough to offset the entire cost of your dues!
While your local chapter negotiates salary and healthcare, your membership is your gateway to savings on discounted auto, home, and insurance programs. Loans for autos, personal- even home loans are available. Retirement planning should begin as soon as possible. Calculators and tools can assist you whatever your age.
