Ethnic Minority Early Identification & Development Program (EMEID)

The Ethnic Minority Early Identification & Development Program was created to identify ethnic minority members who are interested in expanding their roles in the organization, locally and statewide.

The program builds on existing CTA/NEA programs, trainings, conferences, and events. The program incorporates coaching and interaction with leadership from local chapters, CTA/NEA as well as CTA board members and staff. The ideal candidate for this program is an ethnic minority member interested in leadership within CTA and its local affiliates.

Once identified and accepted into the program, participants are teamed with a staff coach and board member who guides them to set goals and identify appropriate steps to achieve those goals.

Members selected to participate in the program must commit to attend the Emerging Leaders Program at CTA's Summer Institute held on the UCLA campus, Sunday, July 28 — Thursday, August 1, 2019.

(CTA funded)
