Honoring César E. Chávez [1927-1993]

March is Women’s History Month

State Council of Education PROGRAM

March 24-25, 2012
The only fundraising activities allowed during the general sessions of State Council of Education meetings are for the NEA Fund and other CTA sponsored causes. CTA is not responsible for any miscellaneous materials handed out or placed on chairs in the ballroom at State Council. We would appreciate receiving a copy of miscellaneous handouts prior to distribution.

New Business Items Submissions. New Business items may be submitted by any Council member(s) in the form of separate proposals to be acted upon under New Business. The procedure for handling such items is as follows:

Proposals must be submitted prior to 11:30 a.m. of the first day of the Council meeting to the staff at the registration desk. They are received and numbered within a sequential numbering system established for each membership year.

The President or designee thereupon refers the item to the appropriate body for study and recommendation to the Council.

If the body of referral is a State Council committee, that committee may make a progress report on the second day of the Council meeting during Committee Reports. At this time, motions of referral, modification, action or disapproval may be placed on the floor by the committee chair on behalf of the Council committee.

During the time designated on the agenda for consideration of New Business items, the President or designee shall place each item before the Council for ratification of the previous day's referral. At this time any Council member may request to pull an item for consideration of immediate action, which is non-debatable and takes a 2/3 vote. Such request must be in writing on the appropriate form and submitted to the presiding officer prior to the commencement of consideration of new business items. The presiding officer will inform Council of the request and reason(s) indicated on the form before Council votes on consideration of the item.

New Business items not acted upon through referral or by immediate action at the meeting during which they are submitted shall automatically be placed on the agenda for the following Council meeting.

**SATURDAY, MARCH 24, 2012**
